WILL TRY NIX ON A VERY SERIOUS CRIME

HE IS WANTED IN THIS COUNTY

IS IN GREENVILLE

Will Be Arraigned There At Next Term of Court and Fate Will Hang In Balance

Jefferson D. Nix, the man who is now in Greenville awaiting trial on a very serious charge, is well remembered by some people living in Anderson county. There is a sealed sentence in this county for Nix, he having been convicted here in 1892 of assault and battery but skipped the country before his trial.

Nix is indeed in a predicament in Greenville, judging from the newspaper stories which have been sent out from that city. The following is from the Greenville News of yesterday and tells of his preliminary hearing:

Jeff D. Nix was given a preliminary hearing yesterday afternoon before Magistrate Samuel Stradley and bound over to court without bond under the charge of murder. He was charged with having killed the infant of Ida Hill, a girl who was raised in his own home and who was a niece it is said. He is about 59 years of age.

According to the testimony brought out yesterday, which testimony was given by Deputies Kelley and Hunt-singer, the baby was born near the first of August and was buried by Nix near the home. He left the home but was tracked and later captured by the sheriff's officers and placed in jail.

The deputies went to the home for an investigation, carrying a physician who had to use his best skill to save the girl's life. It developed that none but the defendant, whom the girl claimed was the father of the child, and herself, were present at the birth of the infant. According to the testimony of the deputies, the mother of the infant stated that it was alive when born.

It seems that Nix took the child and wrapped it in a cloth, carrying it out in a nearby field where he buried it. The officers had some trouble in arriving at the facts; but the girl, believing that she was to die, confessed and told them all. She stated that her uncle was the father of the child. She stated that he forced her to comply to his will when he came home drunk one night and that she had been living in this condition for some five years.

Owing to illness, she could not be present at the trial yesterday but the mother of the defendant and other relatives were present. The aged mother, 82 years old, sat in a corner with bowed head and heard the testimony of the officers which did not seem at all favorable to the defendant. He was represented yesterday by Mr. Price, of the firm of Townes, Earle & Price, and later this term will join in the defense with Cottrhan, Dean & Cottrhan. Solicitor Proctor Bonham will represent the state.

 - 1:00—Sermon by T. L. Smith.
 - Elias Earle.
 - F. L. Brown.
 - S. L. Eskew.
- Committee.

CANDIDATES HERE FOR FINAL WIND-UP

COUNTY CAMPAIGN CAME TO CLOSE

ONLY ONE TILT DOMINICK SPOKE

A Number of Candidates for State Offices Came To Anderson Yesterday For a Day

The final meeting of the Anderson county campaign took place in this city yesterday when the candidates for the county offices spoke. The meeting was held in the court house and throughout the time the building was comfortably filled.

Leon L. Rice, county secretary, called the meeting to order shortly after 10 o'clock. He made a few introductory remarks in which he instructed the managers as to their duties. He asked that the state vote be counted first when the boxes have closed and the result at once be telephoned to The Intelligencer office and then the county vote be counted and telephoned to The Intelligencer. He also warned the candidates about filing their expense accounts.

The campaign meeting itself differed but little from those preceding it. All the candidates delivered their usual speeches with the exception of R. A. Abrams and Winston Smith, both candidates for the office of county auditor. A difference arose between these gentlemen on a tax question and both speakers took the floor twice on the ground of personal privilege. The incident amounted to but little.

A one-hour recess was had for dinner and at a late hour in the afternoon the meeting came to a close.

Yesterday in Anderson was a warm day from a political standpoint. Irby, Cooper, Duncan, Browning, all candidates for governor of South Carolina were in the city for the day and in addition to these Dominick and Aiken, candidates for congress from the Third District, were both in the city, and last night, Governor Blease, a candidate for the United States senate, was in the city.

PRESENT OUTLOOK MUCH BRIGHTER

New York Firm Writes That Prospects for Business in United States Are Not So Gloomy

So far as Anderson people are concerned they do not believe that the country is going to the dogs as some sections seem to think or at least as they are trying to make people think, and therefore the following letter, written by a prominent firm in New York city to Marchbanks & Babbs, of Anderson will be read with interest:

While the European war came about so suddenly that first impressions were so startling that the people of this country were dazed when thinking of possible results, in a few brief days the atmosphere was cleared to such an extent that confidence and courage are taking the place of fear and doubt.

The stability of the banks and the quick response of the government to the needs of the commercial fabric, coupled with the immense resources of the United States, means much to us as a nation.

Unquestionably conditions will soon be normal and even more, a decided improvement, with prosperity looming up big and good prices for our foodstuffs and for cotton, and demands very large. Europe depends upon us.

Do not be pessimistic, but let your hopes run high, and you will not be disappointed. Let us all put our shoulders to the wheel with renewed energy and confidence, standing together.

With the immense crops and the government and the banks behind us, brighter days are very near at hand. Very truly yours,

C. G. Allgood & Co.

ACTION CONDEMNED

England's Staid in Present War Praised by Paris Paper.

London, August 23.—The Paris correspondent of the Reuter Telegram company in a dispatch says:

"A more than favorable impression has been produced here by the declaration of the British government to advance \$50,000,000 to Belgium. The Times says:

"England has replied nobly to Germany's brutal action in exacting a levy on the city of Brussels and the province of Liege. One more bond thus united in close collaboration the armies arrayed against German piracy. Belgium, France and England are shedding their blood for the welfare of all. England adds her gold."

GERMANS MAY SWERVE

Do Not Try to Take Belgian Port of Antwerp.

(By Associated Press.)
 London, Aug. 22.—Large numbers of refugees from Belgium arrived in London tonight coming from Ostend. They are mostly Belgians, but among them are a few Americans. They say the general opinion in Ostend today was that the Germans were not coming to the coast.

A dispatch to the Exchange Telegraph Co. denies previous reports that the Germans have occupied the city of Ghent.

CROWD GATHERED FOR POLITICAL MEETING

BLEASE APPEARED TO BE VERY TIRED

ONLY ONE TILT DOMINICK SPOKE

Anti-Faction Said That Crowd Was About 3,000 and Enthusiasm Not Very Evident

The political meeting held in Anderson last night was chiefly distinguished by the splendid order. Governor Blease, candidate for the United States senate, was one of the speakers, Fred H. Dominick, candidate for congress from the Third district spoke.

Mr. Dominick spoke to the crowd for only about 10 minutes during which time he predicted that he would be elected by an overwhelming vote next Tuesday. He thanked Anderson county people for the splendid vote which they would give him.

Governor Blease reached the city from Greenville about 9 o'clock and was met by a tremendous crowd and escorted up Main street to the court house steps. He delivered a short address, explaining that he had delivered four speeches in Spartanburg and was very hoarse. The governor varied but little from his usual address. He said that he would be elected Tuesday by a majority of from 8,000 to 10,000 votes, warned his hearers that the anti-Blease people would try to steal the election, warned his supporters that they must watch the ballot boxes. He paid his respects to his opponents in the race for the senate, made a few remarks about newspaper men accompanying the campaign, designating three of them as the biggest liars in the world, advised the cotton mill men to organize and demand higher prices for their labor and closed by thanking the people for the votes he will get in Anderson.

Although the crowd was a large one it was observed that much enthusiasm was lacking.

Splendid order marked the entire meeting and so far as is known here there was absolutely no disturbance while the meeting was in progress.

War Maps At Cox Stationery Co. SOLICITOR COOPER HERE

Is Assured of a Big Vote in the First Primary Next, Tuesday.

Solicitor Robert A. Cooper of Laurin, was in the city yesterday on his way from Iva to Greenville. He has been making speeches in behalf of his candidacy for governor. Mr. Cooper says that he has advised that lead him to believe that he will be the leading candidate in the race for governor, and that he will go into the second primary with quite a flattering start. He feels sure of election when once he gets into the second race.

THRILLING SCENES ARE RECOUNTED

Tourists Tell of Harrowing Sight Witnessed Before Leaving Europe

(By Associated Press.)
 New York, Aug. 22.—The White Star liner Baltic arrived today from Liverpool and Queenstown with 2,120 passengers and nearly 6,000 sacks of mail. The passengers included more than 1,500 American refugees, who reached either Queenstown or Liverpool from the continent after suffering many hardships.

Seven hundred of the 1,100 steerage passengers were Americans, unable to get accommodations in the first and second cabins. One of the passengers was Miss Florence Ralph, of Buffalo, who at the outbreak of hostilities, was studying music at Berlin. She heard the emperor deliver the speech in which he said his sword had been forced into his hands by his enemies. As he said it, Miss Ralph declares, he patted the hilt of a heavy sabre hanging at his side and tears came into his eyes. The Germans cheered the emperor's speech until he told them to go to the churches and pray.

"The day before I left Berlin, the authorities issued orders," said Miss Ralph, "that no persons should be allowed and that any persons found singing patriotic songs would be arrested. The idea, I understood, was that the government wanted to impress upon the people that it was time to be solemn and not to be over-confident."

Samuel Untemyer, the lawyer, said that American women, who were forced to take passage in the steerage, sat at tables sandwiched among the foreigners of the kind usually found in the steerage. In the steerage were 15 Americans who had been arrested in Germany and Russia as spies.

Dr. B. Pollock, of San Antonio, Texas, was a steerage passenger. He was in Liege August 1 and 2 and said the streets were filled with wounded men. Many were sitting with their backs against the sides of houses, nursing their wounds. He said there seemed to be few physicians in the town. He himself dressed the wounds of several of them.

The Baltic was conveyed by the British cruiser Essex from the middle of the Atlantic to a short distance outside the three mile limit. All the passengers praised the British government for its efforts to ease hardships of stranded Americans.

BON-TON GIRLS ARRIVE TODAY

Company of Ten People Will Exhibit at the Palmetto This Week

Another week of genuine pleasure is before the theatre-going folk of Anderson as the Palmetto Theatre will have as an attraction the entire week, Crawford & Humphreys' Bon Ton Girls. A troupe that comes with the highest recommendations from the Grand Theatre of Columbia, where they were all of last week. Manager Pinkston has been assured that this is a first class attraction in every respect by the manager of the Grand Theatre as well as by the article that appeared in the Columbia State which is reproduced in the Palmetto's ad, at the top of page 8 of this issue.

The Bon Ton Girls are said to be what the name implies, the prettiest group on the road. And as even the worst group in Anderson likes to look at pretty girls, the attendance at the Palmetto this week will no doubt be a record breaker.

CONGRESSMAN AIKEN Spent a Few Hours Here Yesterday Is Sure of Re-Election.

Congressman Wyatt Aiken was here yesterday for a few hours and stated that he has advised from every part of the district which lead him to believe that he will be nominated to succeed himself by a very flattering vote. With reference to what is going on in congress Mr. Aiken said that the country seems to have been given a sense of security by congress being in session when the European crisis arrived, and the currency measures and other matters have gone a long way toward smoothing down the first excitement.

"Arrangements are being perfected for financing the cotton crop. There is no reason why the price of cotton should go very much, if any lower than it is now. It will not do so if the farmers will not rush it on the market. There will be plenty of money in the banks and money can be borrowed on the cotton and where necessary debts may be carried for a while longer, and in this way, if we will all work together, and keep our heads, we will go along. The rest of the world is facing the greatest crisis in history and we of this country must keep our heads cool and try to stay out of it. I have every confidence that President Wilson will handle the situation with ability, and that congress will give him loyal support."

Mr. Aiken said he had nothing to add in the controversy with J. M. Baker, as his first statement covered the ground so fully that

DE PALMA WINS ELGIN NATIONAL

Duplicated Fridays Trick on Elgin Race Course Yesterday

Elgin, Ill., August 22.—The Elgin national road race, which had its first race yesterday, was won by Ralph DePalma, today developed into a tragedy. Spencer Wishart, the wealthy young Philadelphia racer, a bridegroom of only two months, met death while driving his machine at a rate of 80 miles an hour.

His mechanic, John G. Jenter, a New Jersey boy, probably was fatally injured.

Wishart, leading the race and closely pressed by Burman, tried to pass a machine on the thirteenth lap. The hubs of the cars came together, Wishart's machine crashed into a fence and turned over, plunging him beneath. His right leg was broken, his skull fractured and his chest crushed. He was hurried to a hospital where he died in the presence of his wife, who until two months ago was Miss Louise McGowan, of the wealthy Indianapolis family of that name.

Janter was thrown one hundred feet from where the car overturned. Militiamen dragged him from the path of other machines. He, too, was taken to the hospital, where it was stated to fight his chance of recovery was slight.

Four spectators were bruised when the car hit the fence.

A dinner to have been given the drivers in Chicago tonight was cancelled, and the accident cast a cloud over DePalma's remarkable performance.

Yesterday this driver beat the field over the 301 mile course at an average speed of 73.5 miles. Today's race had twenty-four starters. Only five were figuring in the race at the close and again DePalma was ahead, his average speed being 73.5 miles, or one-tenth of a mile lower than his previous performance, which was a new record.

Wishart's ill luck began yesterday. He was leading for most of the cup race until a leak in his gas tank developed and put him out of it. Sixty thousand persons witnessed today's race. DePalma's time was 4:06:18.

SWITZERLAND IS FULLY PREPARED

Mobilization Is Completed and Situation Well In Hand, Country in Excellent Condition

(By Associated Press.)
 Washington, Aug. 22.—At the Swiss delegation here the following statement was made public today:

"The Swiss Federal council has mobilized from the beginning the whole military force of Switzerland, the Elite and part of the Landstrum, numbering together about 300,000 men. The mobilization is not a result of a menace to Switzerland, but merely a precautionary military measure. The efficient training of the army and careful preparations for war enable Switzerland to maintain the inviolability of its territory."

"A commander-in-chief of the army Colonel Ulrich Wille, was elected, rising to the rank of general. Colonel Sprecher von Bernegg is chief of the staff. Both names are popular and inspire the troops with highest confidence."

"The mobilization was completed quickly and speedily, the frontier, the Alpine pass as well as the Gotthard and St. Maurice fortifications are strongly guarded. The German railway stations at Basel is guarded. The mobilization is not a result of a menace to Switzerland, but merely a precautionary military measure. The efficient training of the army and careful preparations for war enable Switzerland to maintain the inviolability of its territory."

"The financial situation is entirely satisfactory, panic and withdrawal of money from banks and savings institutions having ceased. New bank notes of twenty and of five francs were issued to preserve the metal reserves."

"All foreigners who escaped into Switzerland are well cared for there. The authorities are assisting the 15,000 stranded Americans by organizing special trains to ports of embarkment. The supplies of foodstuffs, principally grain and meat, are satisfactory. In milk and cheese Switzerland possesses a formidable food reserve. The city population and non-mobilized students are helping the farmers to harvest the crops."

(Cante Wille in Italy.)

London, Aug. 22.—A dispatch to the Evening News from Rome says it was announced today in the Italian capital that Theophile Delcasse, former foreign minister of France, and Count Witte, ex-premier of Russia, are in Italy.
